Washington, Dec. 7 .- The anti-can- I NEW YORK DETECTIVE Washington, Dec. 7.—The anti-canteen law is severely criticized in the annual report of Major General William P. Duvall, commanding the United States troops in the Philippine islands, who says that it is responsible for many of the offenses which cause the trial of soldiers by courtmartial.

"The desire of a very large percentage of normal men for some sort of stimulant is a desire which such men are sure to graiffy," says General Duvall. This demand of the soldier previously was gratified by the canteen without harm to himself or to the service in the opinion of the general. But since the privilege of purchasing a since the privilege of purchasing a Licutenaut Kane will investigate the wholesome beverage under satisfactory report that the Lewis he is seeking conditions is withdrawn, General Duvall declares that "there have grown up on the outskirts of every reservation disreputable places where liquor action tonight, but early tomorrow of the most unwholesome, vile quality is dispensed, usually at exorbitant cers, he will visit Foster and seek permission to dispense of the state of which prices, from the direct effects of which the soldier commits many of the of-fenses which cause his trial by courtmartial and often bring about his physical collapse." General Duvall expresses the conviction that an investigation of the matter by a committee of corgress would result in prompt remedial legislation.

### FARM PRODUCTS FOR THE YEAR 1910

Stupendous Figures Which the Average Mind Fails to Grasp-Corn Crop of Over 3,000,000,000 Bushels. Worth Sum Sufficient to Cancel the Interest Bearing Debt of United States-Interesting Details.

er's price.

Washington, Dec. 7.—"Nothing shore of omniscience can grasp the value of the farm products this year," is the opening statement of the secretary of agriculture in his report for 1910, made public today. At no time in the The farmer receives hardly more than half the price paid by the consumer in the case of poultry: 69 per cent, in the case of eggs; cabbage 48 per cent; celery, 60 per cent; apples. world's history has a country produced farm products within one year with a value reaching \$8,926,000,000, which is the value of the farm products for the 56 per cent; strawberries 49 per cent.; onions, 28 per cent, and oranges, 20 per cent. The rule seems to be, the

year 1910 Corn, Cotton, Hay, Wheat, Oats and

Potatoes. Potatoes.

The corn crop of 3.121.381.000 bushels exceeds that of the record year 1906 and is greater than the average crop of the preceding five years by 14 per cent. This crop, the secretary says, cannot be valued at less than \$1,509.000.000, "a sum sufficient to cancel the interest bearing debt of the United States, buy all the gold and silver mined in all the countries of the earth in 1909, and still leave to the farmers a little packet money." the bushel string caus, \$6 per cent, when bought by the barrel; sweet potatoes, \$1 per cent, when bought by the barrel; turnips, \$6 per cent, when bought by the barrel; turnips, \$6 per cent, when bought by the bunch; watermelons, 24 per cent, when bought singly. the farmers a little pocket money."
The cotton crop is second in rank, which in lint and seed is valued at \$900,000,000 at the farm. This value is 13 per cent, above the five-year av-

erage.
The value of the hay crop is about \$720,000,000, an amount that has been exceeded but once, in 1907, and isc 13 per cent, above the average for the

preceding five years. The production of spring and win-er wheat is given as about 001,767,000 pushels, about the average crop for the last five years, but it in value it is 6.7 per cent, above the average for the

Easily the fifth crop in point of val-e of is oats, the value of which this ear is \$380,000,000, or 12 per cent.

year, which the se-petary says was an overproduction, the crop of this year is the largest ever grown in this country. The estimate of the department is 328,787,000 bushels. Rice, Rye, Barley and Tobacco.

The tobacco erop has slightly exceeded that of the record year 1909, and is about 987,150,000 pounds or about 26 per cent above the average. average production of the preceeding Plaxseed is far below the producperior avenue, Cleveland as the site at \$33,000,000, a valuation that has or the order's national headquarters been exceeded but once, in 1909. Of rice there was produced \$2,066,000 regard to the increase of prices on bushels, value; at the farm at \$23,-

Farm Value of Cereal Crops. The farm value of the cereal crops declined \$230,000,000 in 1910 from 1969

Katcham disappeared from his home found by relatives in Fishell after of long schrol.

English General Elections.

London, Dec. 7.—At the close of to-day's polling the complexion of the house of commons stood as follows:

Government coefficient—Liberals 196.

Inhorites 29, nationalists 26.

Stoddard Sues Burr Peck.

Ex-Judge Henry Stoddard of New Haven has brought suit for \$100 damages ugainst Burr Peck and property of the time it was opened ann for the land of the defendant trespessed on the land of plaintiff claims that during September and October the defendant trespessed on the land of plaintiff in Woodbridge for the purpose of securing appies and chestnuts.

It has been decided to establish wire-less telegraph apparatus at Mokpo, Hangmunto and Sochongto, Korea, as well as on board the customs cruiser Kwangche, to report all accidents happening in the waters, besides carrying on the business of the custom house. Staddard Sues Burr Peck.

## WORLD'S RECORD MADE AT MEMPHIS

Average of About Eighty-Eight Miles an Hour-Charles K. Hamilton in Heavy Biplane Missed Death

Memphis, Tenn., Dec. 7.—Rens Bar-rier, a Frenchman, established a world's record this afternoon, when he flew a distance in excess of sixteen flew a distance in excess of sixteen in this had the advantage over Moi-miles in ten minutes 55 1-5 seconds, sant. The latter, in his turns, dehereby winning a prize of \$5,000 of-fered by the Memphis Commercial of 7,000 feet. His time was 18 min-appeal. He outwigged John Moisant, utes 16 2-5 seconds, part of which was lost in aerial gyrations for the benefit of uplookers who crowded housetops and other points of vantage.

Weather conditions were almost per-Close Call for Charles K. Hamilton. While the cross-city flight was the feature, it did not furnish all the thrilis to the afternoon's programme. Charles K. Hamilton, in his heavier biplane, missed death by a hair's biplane, missed death by a hair's breadth in parforming a spectacular teat of airsmanship. In an exhibition flight he had reached a height of 200
